

Precision 48Gbps 8K HDMI Cable

Description

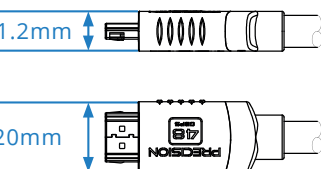

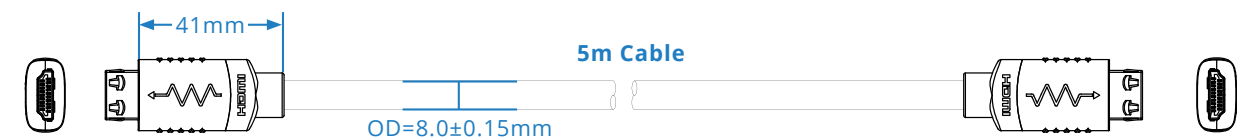

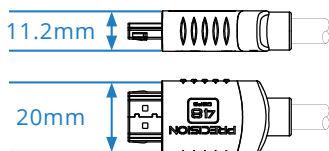

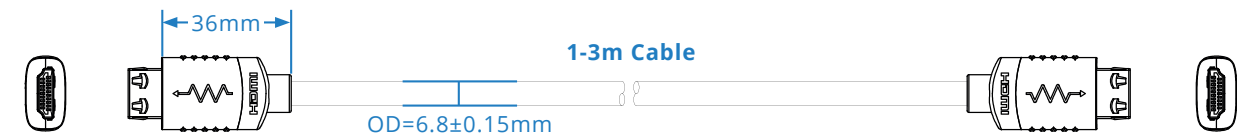

Whether you're gaming, streaming, or enjoying your favourite movies and TV shows, our new 48G 8K Certified Ultra High Speed HDMI 2.1 cable is the ultimate solution for a premium AV experience.

Our 8K Certified Ultra High Speed HDMI 2.1 cable also features dynamic HDR, which ensures that every frame is perfectly optimized, providing vibrant colours, rich contrast, and stunning brightness. It also supports eARC (enhanced Audio Return Channel), which delivers high-quality audio directly from your TV.

The HDMI48G cable provides unprecedented performance and quality, delivering the most immersive audio and visual experience possible.

Key Features

- 48Gbps Bandwidth for support of all HDMI2.1 resolutions
- Supports 8K video up to 60Hz and 4K video up to 120Hz
- Supports dynamic HDR 10-bit, 12-bit and 16-bit colour depths
- Supports bitstream passthrough of multichannel surround sound including object-based audio formats in line with HDMI specifications.
- Gold plated locking tabs for secure connection
